The Senate Committee on Railroads has reported favorably a bill to compel trains to stop at all town sites on public lands designated by the Secretary of the Interior.

SUGAR BOUNTY TO BE ATTACKED. Washington, Jan. 20. — In the House, McRae (Dem.) of Arkansas gave notice he would on Monday offer an amendment to strike out the sugar bounty. Henderson's amendment to substi

tute the present law for the agricul-tural schedule was lost-116 to 63after some discussion. A contest over the sugar schedule is likely to be precipitated Monday by Harter of Ohio. He will move an amendment to the Wilson bill doing away with the sugar bounty

and putting a tax of I cent per pound ou sugar.
Johnson of Ohio will champion absolute free sugar, without a bounty or duty. Louisiana interests are preparing for a hot discussion.

There are exciting times over the Wilson tariff bill in the House. Repsentative Bowers of California became so excited that his speech was incoherent. The epithet "liar" was passed across the aisles by several members. Bryan is reported in the Examiner to have made "a sorry spectacle" of Boutelle of Maine, "who has become a general nuisance in the House."

In the executive session the Senate by a majority of six rejected the President's nomination of Hornblower for Associate Justice of the Supreme Court. Hill led the fight. The President will now nominate Senator Gray of Delaware.

THE CHINA SEARCHED. on her arrival at San Francisco from the Orient resulted in the seizure of the following goods: Nine packages of curios, 7100 cigars in boxes, 2000 loose cigars, 3 cases of gin, 6 copper kettles, 4 boxes toilet soap, 2 packages of opium pipes, 5 5 tael tins of opium, 2 dozen Chinese shoes, 7 pieces silk clothing, 2 pairs wool

tronsers, one-half dozen silk hose. Besides these articles a considerable haul was made by Mrs. Adams, inspectress. She followed up a suspected woman and in the butcher's quarters gathered up forty-two silk handkerchiefs, two creps shawls, one sitk smoking jacket and cap, two finely embroidered table covers, two embroidered tidies and four silk

banners handsomely worked.

Mrs. Adams later seized 350 cigars in the rooms of the stewardess on the steamer San Juan.

The Navy Department has ordered Commander Coffin to hold himself ready to take command of the Charleston. This means that the time of sea service of Commander Picking, now on duty at Rio, has expired. The course of Commander licking, while left in charge of the United States forces at Rio by the recall of Commodore Stanton, has been very generally commended and

seems to have been highly approved. The Mohican is lying at Mare Island, ready to leave for Honolulu, if required, at a few hours' notice. After the Corwin reached San Francisco and the dispatches were sent on to Washington word was at once sent to the officials at Mare Island to have the Mohican ready to start on a cruise as soon as possible. Stores were placed on board and everything placed in readiness, and the Mohican is ready to start as soon

as word is received. The old corvette Marion has been ordered home from Chma, being wanted in the Behring Sea patrol. This will leave only the Monocacy out of the old wooden fleet on the China station.

He Succumbs to Heart Trouble in San Francisco.

Mrs. Mary Ailau arrived on the S. S. Australia to-day with the remains of her husband, John Ailau, so well and favorably known throughout the Hawaiian group. Mr. and Mrs. Ailau left on the last Australia for the Midwinter Fair, San Francisco. Mr. Ailau was then suffering from asthma, having only a few days previously got up from a sick bed. On the fourth day he told his wife that he never felt better in all his life. Several Hawaiian ladies who went up on the Australia were singing at the time on the upper deck. Knowing that Ailau was possessed of a fine tenor and was a good singer, the passengers induced him to go on deck and join the party. Ailau went up and sang for two hours steadily, and after that he complained of not feeling well. His health declined gradually. Mr. and Mrs. Ailau put up at the Grand Hotel.

About 6:30 o'clock on the evening of the 17th inst., Mrs. Ailau advised her husband to get on the bed. Ailau being unable to get on the bed without assistance asked his wife and Oliver Stillman to help him. As he was getting up, he said to Mrs. Ailau, "Hold my back," and

made a sudden exertion, then grasp-ing the pillow he fell back dead, without another word. He was con-scious to the last and died easy. Heart trouble was the immediate cause of death. Preparations were made for bringing the body to his native home, and the remains arrived on the Australia to-day.

John Ailau, who was very popular among both the foreign and native population, would have been thirtynine years of age yesterday (26th inst.) He was born in Manoa valley and leaves, besides the widow, an aged mother and nucle. Deceased was the leader and manager of the Hawaiian Quintet Club. The Golden Rule Bazaar is closed to-day out of respect to deceased, who occupied a portion of the bazaar for the sale of Hawaiian curios. Ailau was a printer by trade, the last place he

worked being in the BULLETIN office. The funeral will take place from the residence, corner of Kukui Place and Kukui street, at 2 o'clock tomorrow (Sunday) afternoon, the intery. Bishop Willis will conduct

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these Sheedbeas and are now prepared to receive orders. The great advantages to be derived from the use of the NATIONAL CANE

SHREDDER are thoroughly established and acknowledged by Planters The large number of Planters using them in the United States, Cuba. Argentine Republic, Peru, Australia and elsewhere, bear witness to the

The use of the Sherdork very largely augments the quantity of cane the mill can grind (25 to 50 .), also the extraction of juice (5 to 12 .). It is a great safeguard, making known at once the presence of any

pieces of iron, stakes from ears, or anything which would be hable to damage

the mill, and allowing ample time to remove same before damaging the mill The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHEEDDER; and if anything breaks, it is simply some of the knives or cutters. which can be quickly and economically replaced. The SHEKDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the junes without requiring the immense extra power necessary to grind or crush the whole The SHEEDDER spreads the shredded case uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler expacity is required to operate the Shikeppak than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our Sigraporals, enabling my competent en gineer to successfully install and start them.

In ordering Shekdoeks from us, please send small sketch, showing the diameter and width of the mill to. with which Shekdooks is to be connected, also the side (either right or left hand as you face the delivery side of the mill), upon which the mill engine is located, also the height from floor line to center of front mill roll shaft, and distance center this shaft to front end of bed plate. These Sharppers are now being used by the Hilo Sugar Co. and Hawi Mill, Kohala, where they are giving great satisfaction. Prices and further particulars may be had by applying to
